

COMPASSION SONG

(To the tune, *100 Bottles of Beer on the Wall*)

By Cathy Walters

Oh, compassion is a gift from the heart,
There's always plenty to share.
Look around, when someone is down,
And show how much you care.

Oh, compassion takes the Golden Rule
And makes its meaning real,
When we help and share, love and care
Compassion's what we feel.

Oh, compassion is a gift from the heart,
There's always plenty to share.
Look around, when someone is down,
And show how much you care.
